

Pertinent Paragraphs

An item in a San Jose paper informs the public that Campbell "Campfire Women" will hold a thrift sale. We believe that the word "Congregational" should be substituted for "Campfire."

The king of England lost several ribs in an operation yesterday and his loyal subjects today are rejoicing over the fact that, barring unlooked for complications, the patient will regain normal health. If the president of the United States were forced to undergo an operation there is no question as to the amount of publicity which would attend the cutting—but would American citizens as a whole harbor anxiety as sincere as that evidenced by citizens of the United Kingdom? We doubt it.

The new club house for local youngsters, built with funds solicited by the Campbell Kiwanis club, is completed, and tonight members of the local "builders" will decide upon a fitting ceremony to mark the occasion of the presentation of the building to the boys and girls of this village. An early program for the youngsters could well be followed by an "open house" and entertainment for the people who helped, through generous contributions of money and labor, to make the building a possibility.

A huge wolf hound, owner unknown, caused consternation among the ranks of women cannery workers this morning as they wended their way to the scene of their labors. The dog was perfectly inoffensive—but just the same the cannery girls thought he was at least a lion. Owners should—if possible—label their dogs.

We have it on good authority that a certain little city not far from Campbell enjoys the advantages of incorporation. So well do they get along financially that they are contemplating the purchase of the local water works, if the deal can be managed without an increase in taxes—and it is almost certain that it can so be managed. At present they are paying less tax money than are property owners of Campbell. How do they do it? By cooperation, we suppose.

A recent crash at the intersection of Hamilton and Johnson avenues is, we believe, responsible for the determination of highway engineers to widen the roads at that point. It is high time something was done about that death trap. Nothing short of safety gates, like those employed at grade crossings in cities, will guarantee against future accidents—but the placing of AAA signs, containing the red reflecting bull's eye, at all four approaches, would at least warn strangers that they are nearing a really dangerous intersection. Local members of the American Automobile association should take it upon themselves to bring the matter to the attention of officers of the organization.

Russia and China are on the point of war over railway concessions, and the Soviet government wants the United States to interfere because their hands are tied by the Kellogg peace pact. Here are the

Free Goes To Bat; Wins Against The Low Tomato Tariff

Probably no schedule in the tariff bill has had so many ups and downs as the schedule in regard to fresh tomatoes, canned tomatoes and tomato paste.

The tariff act of 1922 carried a rate of one half cent a pound on fresh tomatoes imported into this country, and there was but little difficulty in getting this rate increased to three cents per pound in the bill which has just passed the house of representatives; but canned tomatoes and tomato paste had a more difficult journey.

The tariff act of 1909 carried a rate of 40 per cent ad valorem on canned tomatoes and tomato paste. This was decreased to 25 per cent on each in the act of 1923, but for some reason, which no one seems able to understand, the rate on canned tomatoes was in the act of 1922 reduced to 15 per cent ad valorem and tomato paste was increased to 40 per cent ad valorem.

When hearings were being held before the ways and means committee of the house last January, various interests throughout the United States appeared advocating an increase in the tariff on canned tomatoes, and very much to the surprise of those advocating this tariff, when the committee reported out the bill, instead of securing such increase the tariff on both canned tomatoes and tomato paste was reported at 25 per cent ad valorem.

Congressman Free of this district then, on behalf of the tomato growers and packers, asked for an additional hearing before the Republican members of the ways and means committee. He had found out in the meantime that the reason for the action of the committee was that the importers and the Italian chamber of commerce had convinced the committee that tomatoes grown in the United States were of a quality inferior to those grown in Italy; that Italy produced a small, plum-shaped tomato of different flavor than those produced in the United States and that this particular sort of tomato did not compete with American grown tomatoes.

Congressman Free then had a chemical analysis made of the canned tomatoes and tomato paste imported from Italy, and also of those produced in the United States. He also had an investigation made by a friend who was a tomato producer in the United States and traveling in Italy, and when he finally appeared before the committee he was able to show that tomatoes grown in California and Utah are identical in flavor, color and chemical composition with the plum-shaped tomato grown in Italy and that, as a matter of fact, the amount of these high grade tomatoes sent into the United States by Italy were limited in amount, and that most of the tomatoes sent from Italy to the United States are identical with the tomatoes grown generally over the United States.

Mr. Free also showed that the importations from Italy are ruining the American market, as they had steadily increased since the tariff on them was reduced.

He showed that importations of canned tomatoes had increased from 30,136,470 pounds in 1923 to 92,461,337 pounds in 1927, and that while all the figures are not available for 1928, yet those importations would show a further increase. He also showed that the importations on tomato paste had increased from 7,139,441 pounds in 1923 to 13,857,335 pounds in 1927.

With the showing that canned tomatoes and tomato paste not makings of a "test case." Let American keep hands off and see what transpires. We have our doubts about Mr. Kellogg's peace plan. It looks beautiful on paper—but we want to see what happens when there's blood on the moon.

That's all.

Going At the Bully in the Regular Old-Time Fashion

By Albert T. Reid

Local Girl Receives M. A. Degree At Columbia University

Miss Alice Joy, who has been in the east for the past two years, is now at the ranch on Rincon avenue. Miss Joy has just received her M. A. degree at Columbia university. Next year she will teach in a girls' school conducted in New York city under the auspices of Bernard college, which ranks with Radcliffe.

Miss Joy is the second graduate of the local high school to receive a master's degree from Columbia, the first being Harold Smith, son of Mrs. Ellen R. Smith.

Lawrence Ferro made a business trip to San Francisco Saturday.

Mrs. John Avery of Hollywood is spending a few days with the A. B. Townsend family.

Ruth Townsend is able to resume her work at the teachers college after a severe siege of poison oak.

The Missionary society met Thursday with Mrs. Ellen Smith.

Everett Davis, fireman on the S. S. Procyon, visited Sunday with his mother, Mrs. Ethel Davis.

Raymond Mahood of San Francisco was visiting his aunts, Mrs. Annie Bernardacci and Mrs. Belle Hocking over the week-end.

Mrs. F. J. Fisher visited with friends in the Campbell and Cambrian vicinities Friday.

only could but were actually being produced in the United States identical in flavor, color and chemical composition with the best Italian tomatoes, and with the further showing that because of the low tariff rate the American tomato growers were being driven from American markets, the Republican members of the ways and means committee, being a majority of that committee, offered an amendment on the floor of the house, which was passed by the house, increasing the rate on canned tomatoes and tomato paste to 40 per cent ad valorem. So the bill as it passed the house and went to the senate carried a rate of three cents per pound on fresh tomatoes and 40 per cent ad valorem on canned tomatoes and tomato paste.

The bill is now being considered by the finance committee of the senate and there is every indication that the rates passed by the house will not be lowered by the senate committee.

Whist Is Game At Surprise Party On Mrs. Jas. Preston

Mrs. C. E. DeSelle executed a very pleasant surprise on her daughter, Mrs. James Preston of Bierley avenue last week, when the families of the Modern Matrons' club gathered at the latter's home for the evening.

Progressive whist was the diversion, prizes being won by Ellis, Paul, Stanley and Raymond DeSelle. Following the games refreshments were served.

Campbell Odd Fellows Install New Officers

At the regular meeting of Morning Light Lodge No. 42, I. O. O. F., at the Campbell Odd Fellows hall last week, newly elected officers of that organization were installed. The work was exemplified by E. Moerling and staff of San Jose.

The new officers of the local lodge are: P. G. Charles Thompson; N. G. Lester Brackett; V. G. Fred Gtchel; recording secretary, Ralph Gardner; financial secretary, Ed Genasci; treasurer, T. A. Robinson; warden, P. S. La Barbara; conductor, Frank Blaine; R. S. N. G., J. H. Bachman; L. S. N. G., O. Strom; R. S. V. G., W. R. Coupland; L. S. V. G., Frank Coupland; chaplain, A. E. Brydon; O. G., Harold Shelley; I. G., Ed Mitchell; R. S. S., Walter Silberbauer; L. S. S., Ray Mathis.

Other than the San Jose men who installed the officers there were a number of out-of-town Odd Fellows present. Refreshments were served at the close of the installation ceremonies.

Rural Mail Carrier Dan Yeager, who underwent a minor operation last week returned home Monday. He is convalescing very satisfactorily and his physician reports that he will be able to return to his duties not later than the first of the week.

C. E. Spaulding and three daughters of Los Angeles were over Sunday visitors with the young ladies' grandmother, Mrs. E. R. Smith. They continued on their way Monday, journeying up the Redwood highway.

Mrs. D. J. Reese and daughter, Miss Anna Margaret Reese, of Ventura, who are spending the week in San Francisco, will be guests of Mr. and Mrs. H. C. Smith next Sunday.

Death of Daughter-In-Law Calls Strays To Ducor, Calif.

Mr. and Mrs. Walter Stray were summoned to Ducor a week ago Saturday evening by a telephone message from their son, George R. Stray, telling of the sudden death of his wife.

Mrs. Stray had been in Los Angeles taking treatments and had come up to their home for a few days' visit. Her husband was relieving one of the electrical engineers at Visalia and when he returned Saturday he found that his wife had passed away, her death, according to physicians, being due to a heart attack.

George and his father accompanied the remains to Grand Rapids, Mich., parental home of the deceased, leaving Oakland Tuesday of last week.

Helen Clark Stray was the only daughter of Mr. and Mrs. Jay H. Clark and was married to George Stray in the spring of 1926. They sailed from New York to California via the Panama canal, and have been located in the southern part of the state where George has been in charge of power stations for the Southern California Edison company.

GRANGE NOTES

By F. S. Newcomb

(Omitted Last Week)

The Campfire girls entertained the Grange Tuesday evening. Mrs. Louis Shelley, Campfire leader, made a few introductory remarks, then introduced Miss Elsie Merrill, who gave a very interesting talk on the work and camp life of the Campfire girls. Ten of the girls were present, dressed in black skirts and white middiees with black ties. They presented several of their plays and dances and got a lot of fun out of a living "automobile" that had to be frequently cranked up, tires pumped up, etc.

Mrs. Rose E. Hanger was present and received obligation in the third and fourth degrees. The meeting was preceded by the usual banquet.

Several members from Gilroy and San Jose Granges were present.

F. G. Myres was asked to talk on the new auto laws at the next Grange meeting, July 23.

Mr. Keesling announced the summer flower show at the chamber of commerce in San Jose Friday and Saturday.

Police Protection Is Conceded Out Of Race For One Year

According to latest reports, action to secure a police protection district for Campbell has been halted for the present at the instigation of Dr. W. I. Merrill, head of the local chamber of commerce and one of the leaders of the movement.

Even with immediate action the district could not be formed in time to be included in the current tax assessment and it is believed that before the matter can come up again opposition to the proposed district, now existing, may have been peaceably overcome.

Good Will Duo To Appear in San Jose

People in local church circles will be interested to learn that the "Good Will Duo," Harry Neufeld and C. P. Klassen, will appear on the evening of July 23 at 7:45 o'clock at the St. Paul Methodist church, Second and San Carlos streets, San Jose, to present an entirely religious program.

The young men, students of Taber college, Hillsboro, Kans., are making a three months' tour of the western states this summer, offering programs in various localities. They made a similar tour through the northern states and Canada last summer. The home of both boys is Reedley, Calif. Harry Neufeld is a graduate of the Bible Institute of Los Angeles.

The youthful tourists are players of various stringed instruments and will render vocal and instrumental music. The program will be of a strictly religious nature and everyone is welcome to attend.

Battle Of The Marne Relived At Ball Game

Sunday the local baseball nine met the San Jose Federals on the enemy's field. Hostilities threatening to encompass the spectators as well as the players arose when a question as to the integrity of the umpire was answered by that individual with a hearty sock on the nose of one of those most insistent in referring to him as a liar—and this and that. The difference was patched up—sufficiently for the game to proceed. It went nine innings, ending in a 4-2 victory for the Brewers.

Local fans are still of the opinion that the umpire was a Brewer disguised as an honest man.

A regular meeting of the Ada Rebekah lodge will be held this evening.

Quite a large crowd was present at the concert given by the Aeolian quartet at the Congregational church Monday evening. Every member of the group sang solos and gave several saxophone numbers.

Rev. W. C. Robins has just returned from his vacation. He tells us that he thoroughly enjoyed every minute of the time in the wonderful scenery of the northern coast. He took a bus from Oakland to his destination and made the return trip by boat. He was gone about three weeks and is now ready to resume his place in the pulpit of the Methodist church.

The Guild of the Congregational church was very successful at the food sale held Saturday morning at the Gilson market. About \$25 was taken in.

Mr. and Mrs. Glen Bigelow of Mayfield were visiting and transacting business with the W. H. Morgan family at the Morgan Dry Goods store Saturday evening.

Heaven never helps the man who will not act.
 —Sophocles.

WOMAN'S WEALTH INCREASING

The statistician is always springing surprising things . . . and now he has come out with a new one.

According to figures advanced by one of the tribe of financial statisticians, women now own over 40 per cent of the nation's wealth.

Besides, four out of five life insurance dollars will go to women, and 70 per cent of the estates left by men go to women.

It seems as if the wealth of woman is to increase by leaps and bounds, until women will dominate the country financially. This is not at all impossible, in fact everything points to the conclusion that if women keep up their speed in acquiring money they will be far ahead of the men in this respect.

Within the past few years, sociologists have been ranting about women's place being in the home, and all that sort of thing, never realizing how firmly entrenched women are in the financial life of the land. It isn't even too improbable that in a century or so the tables will be turned and men will be clamoring for equal rights!

WANTED: A BRAVE MAN

If one touches a toad, one will get warts. So persons have believed for a very long time. Why?

The scientific books on disease of the skin recognize the fact that the cause of warts is unknown. The wart, it is known, represents a thickening of certain layers of the skin with projection upward. The process is initiated by an irritation which may be due to poison, to bacteria, to mechanical action or possibly to nerve disturbances.

Says Dr. Morris Fishbein, editor of the Journal of the American Medical Association: "There is one excellent way, however, of proving promptly that touching a toad will not produce warts—that is to get a toad and touch it. It is a safe bet that the warts will not appear in the vast majority of cases when this experiment is tried."

This sounds very convincing.

We are modern, progressive, and far from superstitious. Yet . . . we would rather someone else made the test.

The Misses Florence and Elizabeth Kennedy left Thursday for Fallen Leaf, Lake Tahoe, where they are enjoying a delightful vacation.

Swimming Wonder

America's newest swimming phenomenon is Mary Ellen Stark, 15, who holds the Southern speed championship for 100 yards with the fast time of 1 minute 5 seconds. She hails from Red Grange's town of Wheaton, Ill.

LOCAL HAPPENINGS

Mr. and Mrs. D. H. Cramer and son Hugh are leaving Thursday for Los Angeles and vicinity where they will visit friends for ten days or more. Mrs. Hattie Baugh will accompany them and visit her daughter, Mrs. Walter W. Wells at Culver City.

Mrs. Wilbur Johnson of Mercelaine, Mo., visited Mrs. Hattie Baugh Saturday and Sunday. Sunday Mr. and Mrs. Merlin Bohnett took them to the Big Basin, Brookdale, and Santa Cruz. Mrs. Johnson left that evening on the return trip to her home. She is a friend of Mr. and Mrs. Howard Lillingston and came out to bring their little daughter to her aunt in Culver City.

Mr. and Mrs. George W. Wright, who had been living on Leigh avenue are now occupying their home on South Second street, which has been known as the Barron house but was recently owned by Chris Hedegard.

Dan Kercher of Berkeley spent Sunday in Campbell, the guest of Mr. and Mrs. C. T. Fawcett. The two gentlemen worked together for several years when living in Minnesota.

Mrs. Lena Rodeck returned to Campbell Friday after a sojourn in a San Francisco hospital.

Richard Watkins, son of Mr. and Mrs. R. R. Watkins, has been confined to his home for the past week with scarlet fever. He is doing very nicely but it will be three weeks before he is allowed to be out.

Born—to Mr. and Mrs. Irvin V. Roe, Friday morning, July 12, a daughter.

Everyone who is interested is cordially invited to hear Evangelist Robert E. Ray at the tent revival every night except Monday. The tent is located on Bean avenue, near Santa Cruz avenue, in Los Gatos. They had quite an exciting time last Saturday when the tent was set on fire during the services by a stranger.

Mickey Morgan was a business visitor in San Francisco last Tuesday.

Mrs. Mary Lanphear was a visitor in Oakland Wednesday.

Guy Farley spent the week-end with his family at Yosemite, accompanying them home the first of the week.

Mr. and Mrs. E. R. Kennedy and son returned home from an extended vacation near Yosemite Sunday.

Harold Hansen of San Francisco spent Sunday with the W. H. Morgan family.

Mr. and Mrs. M. T. Crews were week-end visitors at Santa Maria.

Frank H. Cutting, who has for some time past been working for the Art Engraving company at Santa Barbara, returned home last Tuesday.

Mrs. Charles Burke and son returned to Turlock last Thursday after a week's visit with Mrs. F. Swane and Miss Mary Fablinger.

Miss Marion Obert was visiting friends in San Francisco Sunday.

May McAvoy Weds

May McAvoy, film actress and Maurice G. Cleary, Los Angeles investment broker, were married at Beverly Hills, Cal., many noted film stars attending. The couple will honeymoon in Honolulu and visit Europe. Neither has been married before.

ORCHARDISTS!

If you are cutting fruit on the ranch, you will want tally cards for the cutter. We have them in packages of 25 cards for 10c.

Smith's Stationery

The Kid and the Cop

"Give them something to eat and they'll tell you all they know," believes "Big Bill" Kelley, New York policeman, who's never without a goodie to offer as first aid to a lost and frightened child. Here he is restoring speech and memory to a child by means of a delicious lollypop. Who says a New York cop hasn't got a heart?

In an attempt to dodge an oncoming car, Mrs. Bessie Favorite, dressmaker and tailor of San Jose, was forced to drive her car into a telephone pole at the intersection of Central and Hamilton avenues Monday morning. She was accompanied by her four children, none of whom were injured. The car is at a local garage for the installation of new glass and a front axle. The telephone pole is o. k.

Mr. and Mrs. L. S. Miller left Monday for Oroville where Mr. Miller has accepted a position with the wholesale grocery firm of Reid-Murdock, to cover the territory of Oroville, Chico and Marysville. The Millers intend to locate there permanently. Sunday a reunion and farewell party was tendered the Millers at the home of Ralph H. Hyde. Dr. and Mrs. G. B. Husted of Modesto were among those present.

A New Tube "INSURES" A New Tire

I HATE to see a motorist gamble on an old tube in a new tire. Too much is at stake. Many a new casing has been ruined by a slow leak or a patch coming loose in an old tube.

A used tube may seem O. K. It may hold air. But unless it was recently bought, it will have to be replaced in a short time—and it may take thousands of miles out of the new casing by unexpectedly going flat.

So why not play safe, I say, in the first place? A new tube is the best insurance you can buy for a new tire.

The little you might save by making the old tube do for a while is more than wiped out when you ride home some dark night on the new casing without knowing it is almost flat.

I'm not just trying to push new tubes. The fact is that when people buy new tires and new tubes together, they get so many more miles that they aren't in the market again for a long time.

It may cost us some sales in this way, but it makes us better and more lasting friends.

come.

Regains Speech

Margaret Wintermeyer of New
York, 22, recovered her speech
after an airplane ride, during
which she received "aerial" scare
cure.

Honor Man

Horace F. Sykes, Jr., who has the
distinction of being picked as the
honor man at West Point. He is
the son of Lt. Col. Sykes of Omaha,
Neb.

The GENERAL TIRE

—goes a long way
to make friends

Speed

If you like an open road, in
a car that can travel as fast
as you care to drive it, you
will enjoy it twice as much
on Generals. If you have
ever felt your tires at the
end of a fast run, you know
that speed means heat. By
using only the purest fric-
tion and tread rubber in
generous quantities, Gen-
eral reduces internal fric-
tion (the cause of heat in
tires) to a minimum. With
Generals you can travel far
and fast with the comfort-
ing knowledge that they
won't wither from heat
when you need them most.

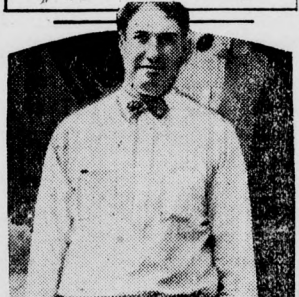

Haliwell & Jones

"Opposite Schools"

CAM BELLE, CALIF.

General Dual-Balloon 8

Up to Date Sheriff

Wayne Horning, sheriff of Shaw-
nee County, Kan., is the first Sheriff
in the U. S. to have an airplane as
part of his regular equipment in
running down law-violators.

The Acme of Baking Art

Think of the joy and satisfaction of finding a really whole-
some, nourishing, satisfying kind of bread.

Uniform in quality day after day, always oven fresh, always
superior in taste, always firm, moist and full-flavored.

As ever ywomankind knows, bread making is an art demanding
the most exacting care in preparation, mixing, raising and
baking—that is why our bread is baked under the most rigid
inspection.

It costs no more than ordinary bread. Why not try it
today?

TED GAIL, Prop.

About forty Masons last night
witnessed the raising of Paul
Straub, San Jose, to the sublime
degree of master Maston at the
local lodge, F. & A. M. Robert
Scholz was the presiding officer.
A number of visitors were present
from San Jose and Palo Alto. Re-
freshments were served at the
close of the regular meeting.

Charles Case, grandson of C. E.
Case, is visiting his grandfather
here. Charles is a member of the
United States navy and he is to
leave shortly for China where he
will be stationed for the next two
years.

Born—To Mr. and Mrs. Charles
Thompson, Sunday, July 14, a
daughter.

Men like hotels
and clubs because they
get **INSTANT** hot water

Every thoughtful wife can have
automatic hot water service at
home. Then it is easier to keep
things sweet and fragrant. Each
week you can have 4 to 6 hours
more time for motoring, shop-
ping or outdoor sports.

There is no need of watching
the automatic gas water heater.
You can have hot water day and

night. It costs less than one-fifth
of a cent per gallon—the lowest
cost of any method for heating
water in the home.

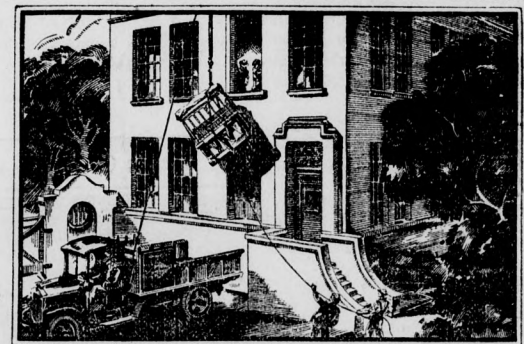

Details on replacing your old
water heater with a new auto-
matic gas water heater can be
obtained at a dealer's store or by
calling at our local office.

Thousands of improvements
in central office equipment in 5 years

In the last five years there have
been hundreds of improvements of
major importance in telephone
central office equipment in the Bell
System, and lesser improvements
by the thousands.

There is no standing still in the
Bell System. Better and better
telephone service at the lowest cost
is the goal. Present improvements
constantly going into effect are but
the foundation for the greater serv-
ice of the future.
